

Mounting Bracket and Accessories

Universal & Keystone Snap-in Bracket

Description

Universal mounting brackets are designed to securely install and organize various modules and components inside home wiring centers or structured cabling enclosures. They provide flexible mounting options with different pitch sizes and dimensions to support multiple device types and ensure neat cable management.

Applications

- Structured Cabling Installations
- Network Equipment Mounting
- Home Automation and Security Systems
- Cable Management Systems

Mounting Bracket and Accessories

Universal & Keystone Snap-in Bracket

Features

- Universal Compatibility
- Multiple Mounting Pitch Options
- Durable and Stable Construction
- Compact and Space-Efficient Design
